- (3) Conclusion

(1) Introduction

(1.a) Theme Philosophy

Theme Philosophy

The **Progressive Outline** theme focuses on document progression.

It features a clean layout with a dynamic breadcrumb header that shows exactly where you are in the hierarchy.

(1) Introduction

(1.b) Roadmap Transitions

Roadmap Transitions

Transition slides are automatically generated when moving between parts, sections, or subsections.

- (1) Introduction
- (2) Dynamic Header**
- (3) Conclusion

(2) Dynamic Header

(2.a) Breadcrumb Support

Breadcrumb Support

The header (breadcrumb) automatically adapts to your mapping.

It can display up to 3 levels: Part, Section, and Subsection.

- (1) Introduction
- (2) Dynamic Header
- (3) Conclusion**

(3) Conclusion

(3.a) Summary

(3) Conclusion / (3.a) Summary

Summary

The Progressive Outline theme is perfect for clean, professional presentations.

```
#import "@preview/presentate:0.2.3": `progressive-outline`, pause
#import `progressive-outline`: template, slide

#show: template.with(
  title: [My Presentation],
)

#slide[ Hello World! ]
```
