Hiding sections from the outline

David Hajage

1 Public Introduction

1.1 Intro

This section is visible in the sidebar.

2 Secret Section

2.1 Hidden Slide

This section title ("Secret Section") should **NOT** appear in the sidebar.

However, the slide itself is part of the presentation.

3 Conclusion

3.1 Final Words

This section is visible again.

The numbering might skip the secret section if Typst's native numbering counts it, but the sidebar will simply ignore it.
