I Introduction

I.1 Theme Philosophy

I.1 Theme Philosophy

The **Progressive Outline** theme focuses on document progression.

It features a clean layout with a dynamic breadcrumb header that shows exactly where you are in the hierarchy.

I Introduction

I.2 Roadmap Transitions

I.2 Roadmap Transitions

Transition slides are automatically generated when moving between parts, sections, or subsections.

II Dynamic Header

II.1 Breadcrumb Support

II.1 Breadcrumb Support

The header (breadcrumb) automatically adapts to your `mapping`.

It can display up to 3 levels: Part, Section, and Subsection.

III.1 Summary

III.1 Summary

The Progressive Outline theme is perfect for clean, professional presentations.

```
#import "@preview/presentate:0.2.6": miniframes, pause
#import miniframes: template, slide

#show: template.with(
  title: [My Presentation],
)

#slide[ Hello World! ]
```
